Get ready to fall in love with curves! Bouncing By is a playful and versatile quilt pattern that lets you showcase your favorite prints in the crisscrossing circles to create a quilt that's uniquely yours. The pattern includes five size options and two distinct colorways. Go scrappy like the cover quilt with 18 different fabrics in the circles, or opt for a bold, cohesive look using just 5 fabrics for the circles in the bonus layout. The 5 fabric option is easiest as it makes planning the layout easier. If desired, see inspiration and plan your layout with the free coloring pages found on the Snapdragon Blog. **Everything in pink is clickable!**
